

Techniques in Vascular and Interventional Radiology

Volume 22 □ Number 1 □ March 2019

Simulation in Interventional Radiology

Ronald S. Winokur, MD, RPVI

Climbing the Mountain: Value of Simulation in Interventional Radiology Training

Kumar Shah and Ronald S. Winokur

1

Tools for Simulation; Low Budget and No Budget

Benjamin J. May, Joe K. Khoury, and
Ronald S. Winokur

3

High-Fidelity Endovascular Simulation

Ayush Amin, Jason Salsamendi, and
Thomas Sullivan

7

Three-Dimensional Printing for Procedure Rehearsal/Simulation/Planning in Interventional Radiology

Doyoung Chang, Srini Tummala, Dax Sotero,
Eric Tong, Luai Mustafa, Moawiah Mustafa,
William F. Browne, and Ronald S. Winokur

14

Ablation Planning Software for Optimizing Treatment: Challenges, Techniques, and Applications

Gray R. Lyons and Bradley B. Pua

21

Simulation-Based Training of the Nurse Practitioner in Interventional Radiology

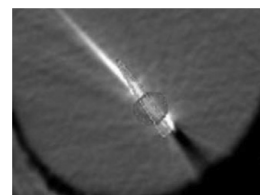

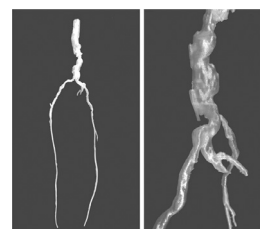

Ana Echenique and Evelyn P. Wempe

26

Multidisciplinary Team Training Simulation in Interventional Radiology

Kimberly Scherer and Ronald S. Winokur

32

Simulation-based Training for Interventional Radiology and Opportunities for Improving the Educational Paradigm

Zoe A. Miller, Ayush Amin, Joanthan Tu,
Ana Echenique, and Ronald S. Winokur

35
