World Airway Management Meeting 13-16 November Amsterdam 2019

The Executive WAMM organizing committee - Prof Dr Elizabeth Behringer (USA); Prof Dr Richard Cooper (Canada); Dr Lorraine Foley (USA); Prof Dr Robert Tino Greif (Switzerland); Prof Carin Hagberg (USA); Dr Johannes Huitink (Netherlands); Dr Ellen O'Sullivan (Ireland); Dr Anil Patel (UK) - is proud to present the program for the next World Airway Management Meeting (WAMM2019) at the Amsterdam Conference Centre Beurs van Berlage in Amsterdam, the Netherlands.

Wednesday 13th November 2019 - Afternoon.

Workshops on Airway Management and Simulation.

Thursday November 14th 2019 After the welcome WAMM starts with.

Session 1 - Interactive session on human factors with the plenary speaker: Nick Chrimes (Australia), Hans Huitink (Netherlands), Alan Merry (New Zealand), and Mark Stacey (UK).

Session 2 will be on "the full stomach" Identify full stomach and the role of gastric ultrasound - Peter Van De Putte (Belgium) The place of CP and positive pressure ventilation in 2019 - Max Sorbello (Italy) Ethical, medical and legal implications - Tim Cook (UK)

Session 3 - Oxygen Friend & Foe Oxygenation and THRIVE - Anil Patel (UK) Can there be too much oxygen prior to intubation and extubation? - Dan Martin (UK) Intravenous oxygen and the Oxygen Reserve Index - John Keir (USA)

Session 4 - Improving airway proficiency - learning new techniques Technology Enhanced Learning - Paul Baker (New Zealand), Airway Leads - Alistair McNarry (UK), Simulation - R. Tino Greif (Switzerland) Airway courses - Adam Law (Canada)

Evening - Opening ceremony - Celebrating WAMM 2 - WAMM Executive Directors Introduction of DAS, EAMS, SAM Presidents and the Airway Village, followed by entertainment and complimentary drinks reception in exhibition area.

Friday 15th November 2019.

Session 5 - Key Note Lectures Ovassapian Memorial Lecture: Outcomes - Richard Cooper (Canada) DAS Professor Lecture: Obstetric Airway - Mary Mushambi (UK) EAMS Scientific Lecture:

Giulio Frova (Italy)

Session 6 - Project for Universal Management of Airways - P.U.M.A. Universal guidelines PUMA - Carin Hagberg (USA) and Nick Chrimes (Australia)

Session 7 - Pro/Con Difficult airway = Awake Tracheal Intubation (ATI) Pro - Imran Ahmad (UK) vs. Con - Irene Osborn (USA) Succinylcholine is outdated? Pro - Ellen O'Sullivan (Ireland) vs. Con - Pierre Bradley (Australia)

Expert Sessions 1.

1. Extubation in the high risk patient- management and planning for failure - Viki Mitchell (UK), Andy Higgs (UK), Richard Cooper (Canada), Oliver Langeron (France)
2. Ultrasound for the safer management of the airway - Michael Kristensen (Denmark), Wendy Teoh (Singapore), Keriem Al-Bagdady (UK), Gunjeet Dua (UK)
3. How to get your work published - strategies and pitfalls - Andy Klein (UK), Hugh Hemmings (UK), Hilary Grocott (Canada), Taka Asai (Japan), Jaideep Pandit (UK)
4. Jet ventilation and laser safety in shared airway Surgery - Uwe Klein (Germany), Huafang Wei (China), Shaun Scott (USA), Ravi Bhagrath (UK)
5. Updates in anaesthesia for Thoracic surgery/one-lung ventilation - Tolga Saracoglu (Turkey), Peter Slinger (Canada), Adam Law (Canada), George Arndt
6. Oxygenation: new modalities, evidence and perspectives - Reza Nouraei (UK), Malin Fagerland (Sweden), Lorenz Theiler (Switzerland), Lorraine Foley (USA), Richard Levitan (USA)

Session 8 - Emergency Airway Practice.

Why is ER airway practice different? - Richard Levitan (USA).

Why is airway management during resuscitation different? - Jasmeet Soar (UK).

London Air Ambulance - Airway Management - David Lockey (UK). Mountain Rescue Airway Practice - Lorenz Theiler (Switzerland).

Session 9 - Airway education: A global perspective.

China - Prof Wuha Ma, South Africa - Dr Ross Hoffmeyer, Brazil - Dr Daniel Perin, India - Dr Sheila Myatra, Middle East - Dr Nabil Shallik.

Saturday 16 November 2019.

Session 10 - Top 10 Oral Abstracts: Alistair McNarry (UK) and Carin Hagberg (USA).

Expert Sessions 2.

7. The tracheostomy patient - how to trouble shoot and plan airway management - Brendan McGrath (UK)
8. What's new in Obstetric airway management - Mary Mushambi (UK), Nuala Lucas, Ashu Wali (USA), Maya Suresh (UK)

9. Is the Videolaryngoscope a necessity and not a luxury? Advances and novel uses of VL in current practice. Lorenz Theiler (Switzerland), John Sakles (USA), Michael Aziz (USA), William Rosenblatt (USA), Ilijas Hodzovic (UK)
10. Novel methods of ventilation? - Dietmar Enk (Germany), Nabil Shallik (Qatar), Michael Kristensen (Denmark)
11. SHANA Head & neck session - Basem Abdelmalek (USA), Vladimir Nekhendzy (USA), Tracy Straker (USA)
12. Training the trainers in airway management – R.Tino Greif (Switzerland), Paul Baker (New Zealand)
13. Best practice for airway equipment: High level disinfection strategies versus single-use devices - Felipe Urdaneta (USA), Alan Klock (USA)
14. Innovation Session - Chair: Bernie Liban (UK)

Session 11 - Intensive Care and the Airway.

Global tracheostomy project - Brendan McGrath (UK).
The Physiologically Difficult Airway - Jarrod Mosier (USA).
Organisational aspects of ICU airway practise - Elizabeth Behringer (USA).

Session 12 - International airway cases: is there a global consensus?

Michael Seltz Kristensen (Denmark), Lauren Berkow (USA), Barry Macguire (UK), Wendy Teoh (Singapore), Laura Duggan (Canada), Vladimir Nekhendzy (USA), Tolga Saracoglu (Turkey), Andy Higgs (UK), Arnd Timmerman (Germany), Lorraine Foley (USA).

Session 13 - WAMM Session.

WAMM projects: Nomenclature - Kariem El-Boghdadly (UK).
WAMM projects: Nasal High Flow/THRIVE Consensus - Anika Sud (UK).

WAMM projects: Global Airway Leads - Paul Baker (New Zealand).

Session 14 - Most important Airway papers 2015-2019.

Anaesthesia - Andy Klein (UK).

British Journal of Anaesthesiology - Hugh Hemmings (UK).

Canadian Journal of Anaesthesiology - Hilary Grocott (Canada).
European Journal of Anaesthesiology – R. Tino Greif (Switzerland).
Anaesthesia and Analgesia - Sim Jagannathan (USA).

Expert Sessions 3.

15. The difficult airway in Paediatrics - Maren Kleine-Bruggeney (Switzerland), Reema Nandi (UK), Sim Jaganathan (USA)
16. Airway management challenges in the Obese patient - Jay Brodsky (USA), Naveen Eipe (Canada), Orlando Hung (Canada), Michael Margaron (UK), John Cousins (UK), Oscar Valencia (Spain)
17. Controversies in the use of Supraglottic airway devices– new trends and concepts - Arnd Timmerman (Germany), Ana Lopez (Spain), Tish Stefanutto (Australia), Ross Hoffmeyer (South Africa), Pierre Bradley (Australia), Atul Kapila (UK)
18. DART and DAARC: Difficult Airway - Jessica Feinlibe (USA), Lynette Mark (USA)
19. Response Team and Difficult Airway Algorithm and Rescue Cricothyrotomy: Airway management in the prehospital and emergency departments - disasters, challenges and solutions - John Sakles (USA), George Kovacs (Canada)
20. The history of airway management, innovations and device development - Marshal Kaplan (UK), Jack Pacey (USA), George Arnd, Giulio Frova (Italy)
21. Human performance when things go awry during airway management - Alan Merry (New Zealand), Hans Huitink (Netherlands), Chris Frerk (UK), Fiona Kelly (UK)

Closure of WAMM.

Special lecture: Fly me to the moon - Kevin Fong (UK).

Prize Giving & Closing Remarks - Ellen O'Sullivan (Ireland), Elizabeth Behringer (USA), Hans Huitink (Netherlands), Anil Patel (UK), Richard Cooper (Canada), R. Tino Greif (Switzerland).
