

WHAT'S COMING IN ANNALS

JUNE 2019

These articles are tentatively scheduled for publication and are subject to change.

RESEARCH METHODS

Research Pioneers in Emergency Medicine: Reflections on Their Paths to Success and Advice to Aspiring Researchers: A Qualitative Study (Original Research) ● *WC Coates, LM Yarris, SO Clarke, et al*

The Results of Randomized Controlled Trials in Emergency Medicine Are Frequently Fragile (Original Research)
● *J Brown, A Lane, C Cooper, et al*

CARDIOLOGY

Derivation and Validation of SWAP Score for Very Early Prediction of Neurological Outcome in Patients With Out-of-Hospital Cardiac Arrest (Original Research) ● *H-M Shih, Y-C Chen, C-Y Chen, et al*

Effect of Barthel Index on the Risk of 30-day Mortality in Patients With Acute Heart Failure Attending the Emergency Department: A Cohort Study of 9098 Patients from EAHFE Registry (Original Research) ● *X Rossello, O Miro, P Llorens, et al*

Hands-Only Cardiopulmonary Resuscitation Education: A Comparison of On-screen With Compression Feedback, Classroom, and Video Education (Original Research) ● *DG Heard, KH Andresen, KM Guthmiller, et al*

Transesophageal Echocardiography During Cardiopulmonary Resuscitation Is Associated With Shorter Compression Pauses When Compared to Transthoracic Echocardiography (Brief Research Report) ● *JF Fair, M Mallin, A Adler, et al*

Among Low Risk Patients, Does Functional Testing Decrease Referrals for Invasive Coronary Angiography When Compared With Coronary Computed Tomographic Angiography? (Systematic Review Snapshot) ● *B Long, MD April*

Do Mechanical Chest Compression Devices, Compared to High-Quality Manual Chest Compressions, Improve Neurologically Intact Survival in Patients Who Suffer Cardiac Arrest? (Systematic Review Snapshot) ● *B Long, MD April*

GENERAL MEDICINE

Online Ratings of the Patient Experience: Emergency Departments versus Urgent Care Centers (Original Research)
● *AK Agarwal, K Mahoney, AL Lanza, et al*

The Diversity Snowball Effect: The Quest to Increase Diversity in Emergency Medicine: A Case Study of Highland's Emergency Medicine Residency Program (Concepts) ● *JF Garrick, B Perez, TC Anaebere, et al*

Do Colloids Improve Mortality Compared to Crystalloids for Resuscitation of Critical Patients? (Systematic Review Snapshot)
● *DA Nikolla, MT McCarthy, JN Carlson*

Can Acute Uncomplicated Diverticulitis Be Safely Treated Without Antibiotics? (Systematic Review Snapshot)
● *M Gottlieb, N Shah, B Yu*

TRAUMA

Older Blood Is Associated With Increased Mortality and Adverse Events in Massively Transfused Trauma Patients: Secondary Analysis of the PROPPR Trial (Original Research) ● *AR Jones, RP Patel, MB Marques, et al*

Old and New: What Blood is PROPPR in Trauma Resuscitation? (Editorial) ● *FX Guyette, DM Yealy*

Minor Blunt Thoracic Trauma in the Emergency Department: Sensitivity and Specificity of Chest Ultra-Low-Dose Computed Tomography Compared to Conventional Radiography (Brief Research Report) ● *F Macri, J Greffier, E Khasanova, et al*

Evaluation of US Federal Guidelines (Primary Response Incident Scene Management: 'PRISM') for Mass Decontamination of Casualties During the Initial Operational Response to a Chemical Incident (Original Research)
● *RP Chilcott, J Larner, A Durrant, et al*
